PROJECTS

- Book My Show Automation Hack-A-Bot(UiPath)**
 - Developed an automation tool to streamline the ticket booking process on the Book My Show platform.
 - The project involved designing a user-friendly interface for selecting shows, automating the ticket purchase process, and implementing real-time availability checks.
- GoPhish Phishing Simulation Tool**
 - Developed a phishing simulation tool using GoPhish to raise awareness about email-based social engineering attacks and created and deployed simulated phishing campaigns.
 - Analyzed campaign results to generate actionable insights for improving security awareness and training programs.
 - Gained hands-on experience with email templates, landing pages, and campaign management for cybersecurity education.

SPARA

- Student Performance and Attention Recognition Assessment**
 - Built a smart system to check if students are paying attention in class using CCTV cameras.
 - Used OpenCV and Dlib to detect faces, eyes, and expressions in real-time.
 - Used CNN to find out if a student looks attentive or distracted.
 - Saved all the reports and showed graphs using Plotly.

EDUCATION

- St. Joseph's Institute Of Technology** 
B.E in Computer Science and Engineering
2022 – 2026 | Chennai
Cummulative GPA: 7.9/10
- St. Thomas Matriculation And Higher Secondary School 10th**
2019 – 2020 | Thoothukudi
Scored 81%
- St. Thomas Matriculation And Higher Secondary School 12th**
2021 – 2022 | Thoothukudi
Scored 74%

AWARDS

- Capture The Flag (CTF)**
First place in SRM Easwari Engineering College.
- UND CyberHawks National CTF 2024**
Placed 23rd position out of 60 Teams
- MANIPAL HACKATHON 2024**
Placed Top 30 out of 500+ teams in India.
- BALLBADMINTON**
Winners
Champions for TWO consecutive years.

PROFESSIONAL EXPERIENCE

- K Labs Technology & Solutions Pvt. Ltd**
Software Developer Intern
Mar 2025 – Apr 2025 | Chennai
 - Developed and deployed real-time web applications and enhanced user experience.
 - Collaborated with a cross-functional team to design, build, and test software solutions and gained hands-on experience in full-stack development.
- ROOTECSTAK** 
Cybersecurity Intern
Jun 2024 – Aug 2024 | Chennai
 - Gained hands-on experience in cybersecurity by studying the OWASP Top 10 vulnerabilities and completing various PortSwigger labs.
 - Worked closely with experienced mentors to enhance skills in identifying and mitigating web application security flaws.

CERTIFICATES

- NPTEL : Elite Certificate in Python for Data Science
- NPTEL : Elite Certificate in Software Testing
- NPTEL : Elite Certificate in Demystifying Networking
- CyberShikshaa Fundamentals
- Linux For Beginners(Infosys Springboard)
- Introduction To Networking Basics(CISCO)
- CCNA: Introduction to Networks(CISCO)
- CCNA: Enterprise Networking, Security and Automation(CISCO)
- CCNA: Python Essentials 1 & 2(CISCO)
- Certified AppSec Practitioner(CAP)

ACTIVITIES

- Computer Society Of India (CSI)**
MEMBER
- Sniphers Club**
College Cybersecurity Club Member

SKILLS

CTF Player | Python | Linux | ReactJS

LANGUAGES

TAMIL | ENGLISH
